## FULL TIME GENERAL MANAGER

**Emerging manufacturing business looking for a full time General Manager to oversee the sales, engineering, production and installation of an innovative product line within the sports industry. This position will not only be responsible for the effective and successful management of labor, productivity, quality control, and safety measures, but also drive implementation of the new Cetec Enterprise Resource Planning (ERP) system. This position is based in our New York office, and will report to the Board of Directors.**

### A Little About Us

Located in the beautiful foothills of the Adirondack mountains, Grand Slam Safety is an emerging business that serves the needs of college and high school athletic departments, as well as private athletic facilities. We value high integrity, superior customer service and quality products that are proudly manufactured in Upstate New York. We love to work hard and play hard! Surrounded by breathtaking scenery, this region boasts of world class snowmobile trails, outstanding white water rafting and unlimited hiking opportunities.

### A Little About You

Your exceptional ability to communicate strategic direction for the organization, coupled with your outstanding people skills and expertise in manufacturing, make you an asset to any company. You value teamwork, professional growth and high integrity. Your strong leadership skills, expertise in conflict management and decision-making capabilities set you apart from others. Furthermore, you take safety seriously. You are accomplished at implementing and maintaining a safe and healthy work environment, ensuring that you run a zero-incident workplace based on critical input from all members of the organization. Your track record shows that you know how to work closely with all stakeholders to get the ball down the field in a timely manner to score a win for the company!
