FULL TIME INDUSTRIAL SEWER

Is sewing your superpower? Grand Slam Safety is looking to hire people who are passionate about using their knowledge, skills and abilities to sew safe and durable sports nettings for indoor and outdoor sports facilities.

A Little About Us

Located in the beautiful foothills of the Adirondack mountains, Grand Slam Safety is a small business that serves the needs of college and high school athletic departments, architects, sports facility development companies, parks and rec departments and others who are seeking to create a safer environment for players and spectators. We value high integrity, superior customer service and quality products that are proudly manufactured in Upstate New York. We love to work hard and play hard! Surrounded by breathtaking scenery, this region boasts of world class snowmobile trails, outstanding white water rafting and unlimited hiking opportunities.

A Little About You

You love details! You're someone who is enthusiastic about using industrial sewing machines to create elaborate works of art. You value teamwork, professional growth and strong communication. When your workday is done you know how to set your tools down for a perfect work/life balance! You're a master craftsman with exceptional manual dexterity who can prepare, measure, cut, assemble and sew like a pro. Organization is your hidden superpower and it shows in how you maintain your work station. Your thorough understanding of machines and tools used in sewing is outstanding and your excellent ability to read and listen to assignments makes you an outright celebrity! Furthermore, you can demonstrate your ability to crush long term goals because you have successfully completed a formal apprenticeship or a one-year training program. Although you enjoy sitting for extended periods of time, you also enjoy actively participating in group discussions within a great work environment where everyone collaborates to produce quality products.
